Selectores CSS/Xpath

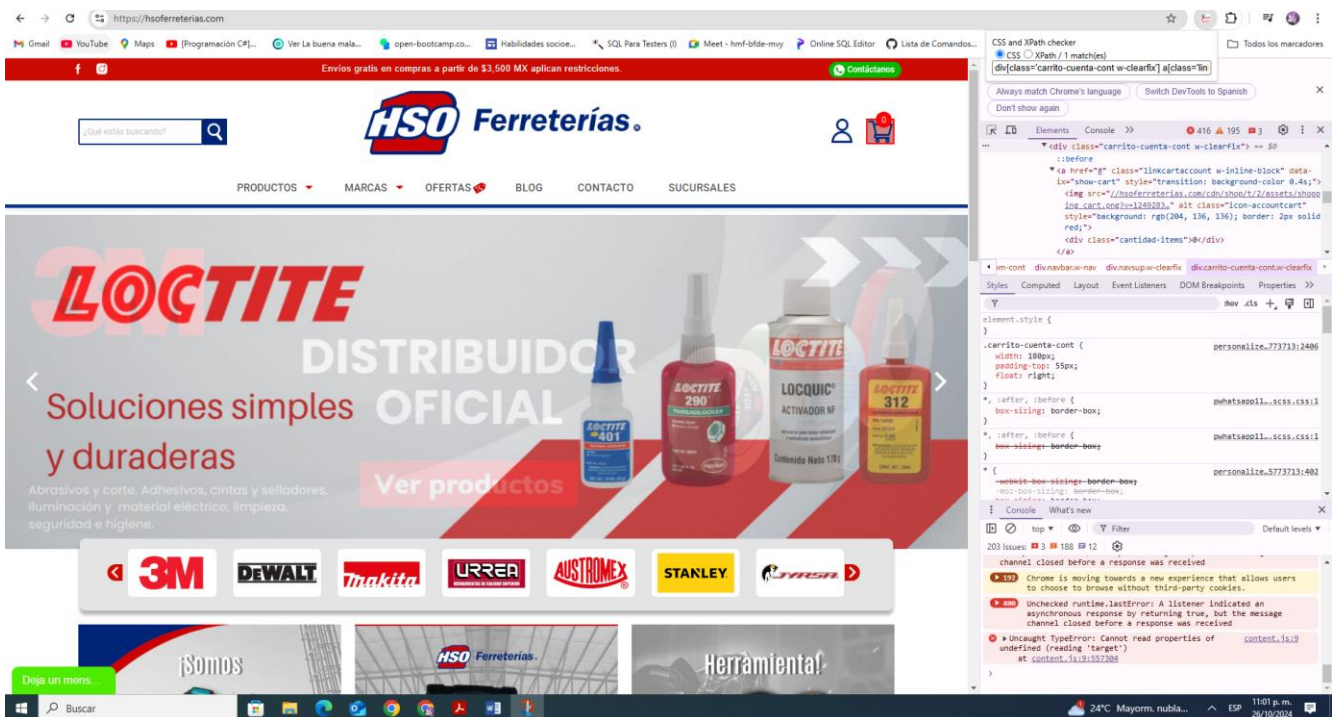

1. Busca el ID de la barra de búsqueda de la pag : <https://hsoferreterias.com/#search-3>
 - Evidencia de Css ID barra de búsqueda

- 1.1 Busca la clase del carrito de compra que se encuentra en el header de la página principal

- Evidencia de Css clase del carrito de compra:

`div[class='carrito-cuenta-cont w-clearfix'] a[class='linkcartaccount w-inline-block']
img[class='icon-accountcart']`

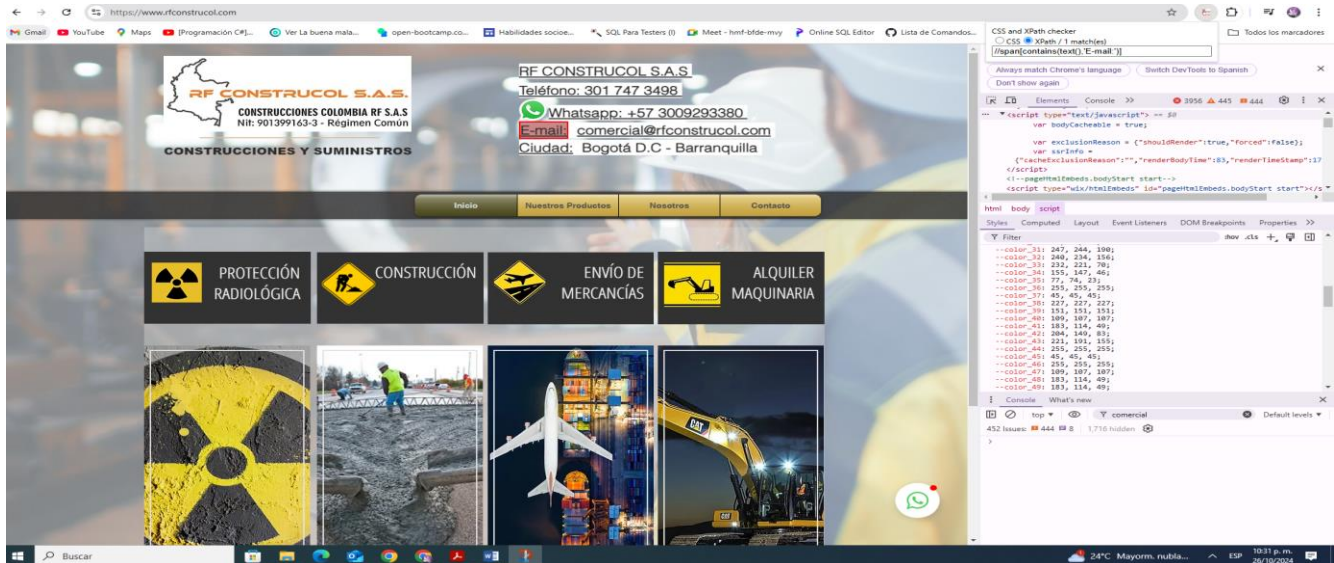

2.Cuál es el xpath del texto de correo electrónico de esta página:

<https://www.rfconstruicol.com/>

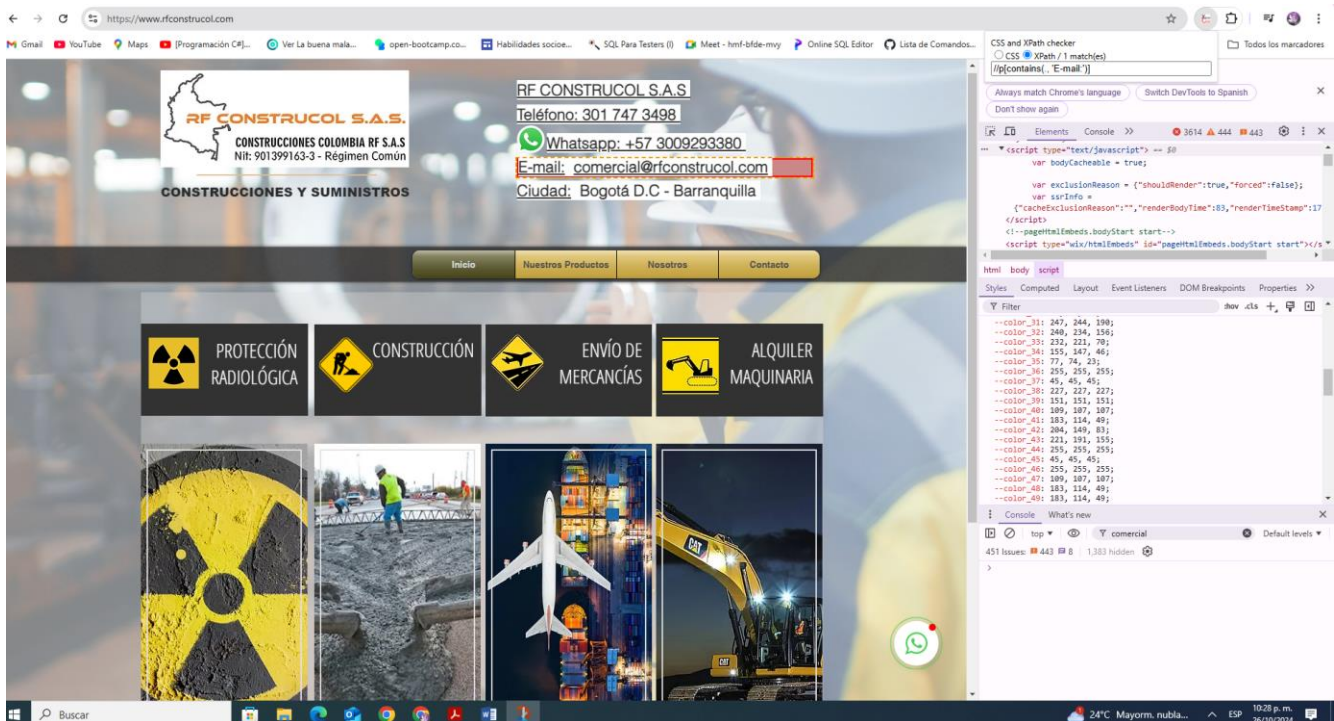

- Evidencia de Xpath contenedor de linea **span**:

//span[contains(text(),'E-mail:']

- Evidencia de Xpath párrafo conteniendo E-mail:

//p[contains(., 'E-mail:']

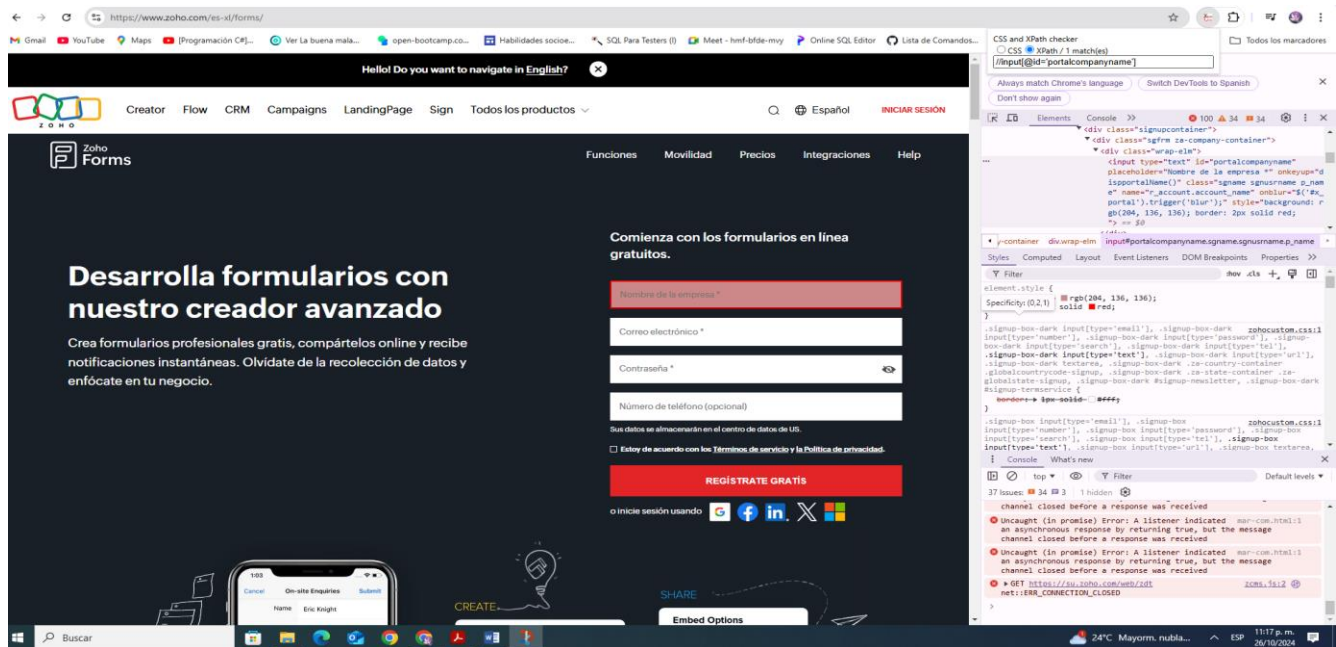

3. Cuáles son los xpaths de cada uno de los elementos de este formulario, incluyendo el botón regístrate gratis:

<https://www.zoho.com/es-xl/forms/>

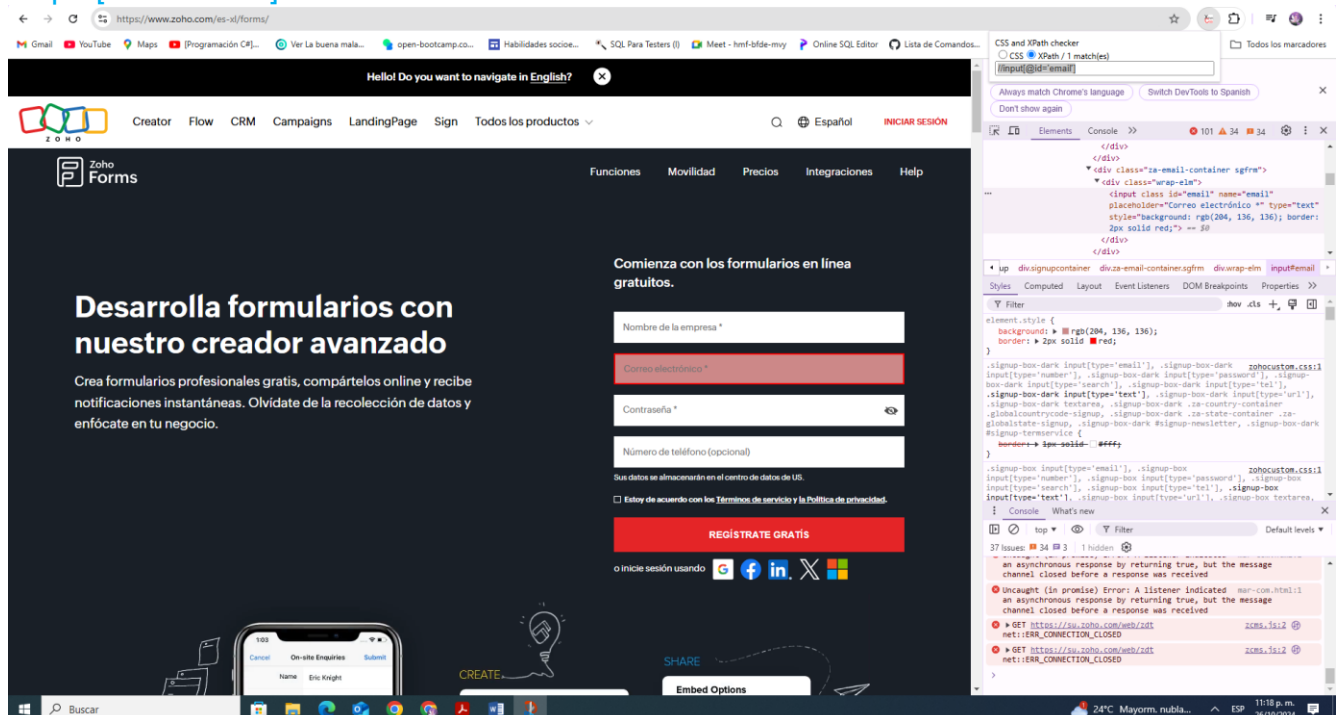

- Evidencia xpath nombre de la empresa:

//input[@id='portalcompanyname']

- Evidencia xpath correo electrónico:

//input[@id='email']

- Evidencia xpath contraseña:

//input[@id='password']

The screenshot shows the Zoho Forms website in Spanish. The main heading is "Desarrolla formularios con nuestro creador avanzado". Below it, there's a form with fields for "Nombre de la empresa", "Correo electrónico", "Contraseña", and "Número de teléfono (opcional)". The "Contraseña" field is highlighted in red. The DevTools console on the right shows a CSS and XPath checker with the XPath //input[@id='password'] and 1 match(es). Below that, there are 37 issues listed, including "Uncaught (in promise) Error: A listener indicated an asynchronous response by returning true, but the message channel closed before a response was received".

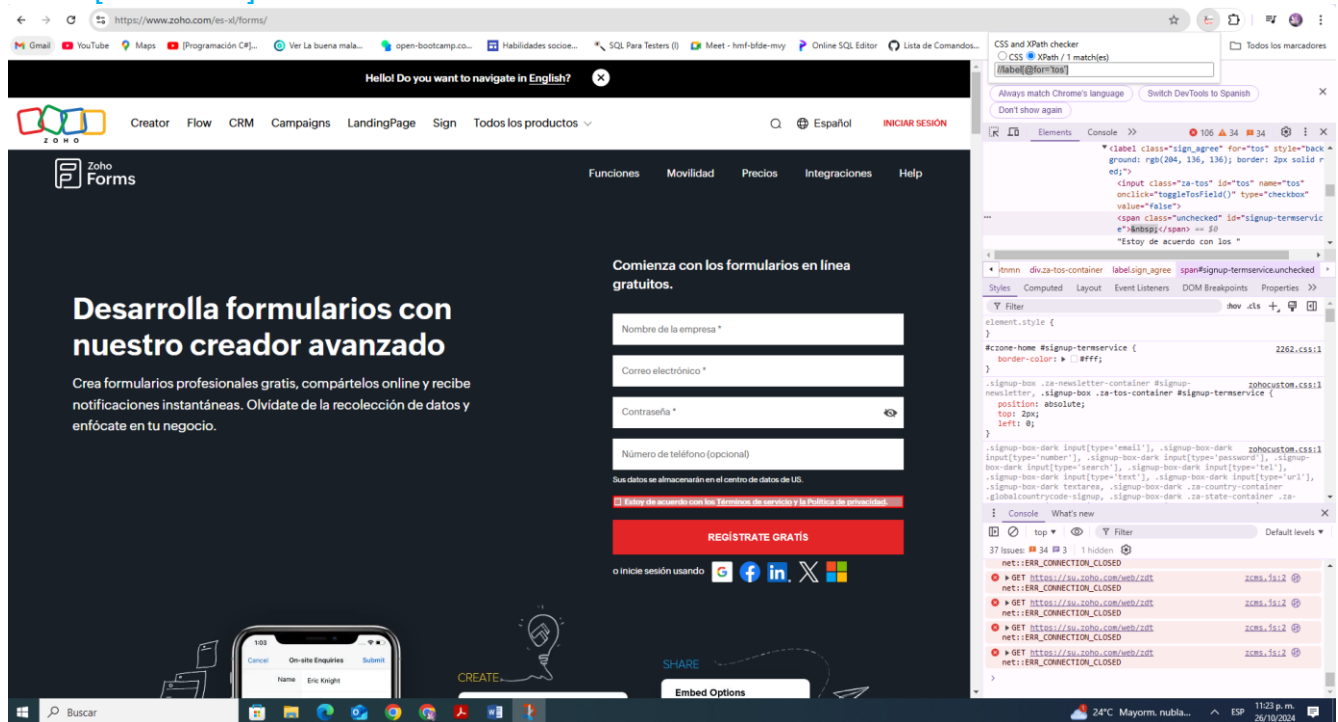

- Evidencia xpath número de teléfono:

//input[@id='mobile']

The screenshot shows the Zoho Forms website in Spanish. The main heading is "Desarrolla formularios con nuestro creador avanzado". Below it, there's a form with fields for "Nombre de la empresa", "Correo electrónico", "Contraseña", and "Número de teléfono (opcional)". The "Número de teléfono (opcional)" field is highlighted in red. The DevTools console on the right shows a CSS and XPath checker with the XPath //input[@id='mobile'] and 1 match(es). Below that, there are 37 issues listed, including "Uncaught (in promise) Error: A listener indicated an asynchronous response by returning true, but the message channel closed before a response was received".

- Evidencia xpath acuerdo de términos y condiciones:

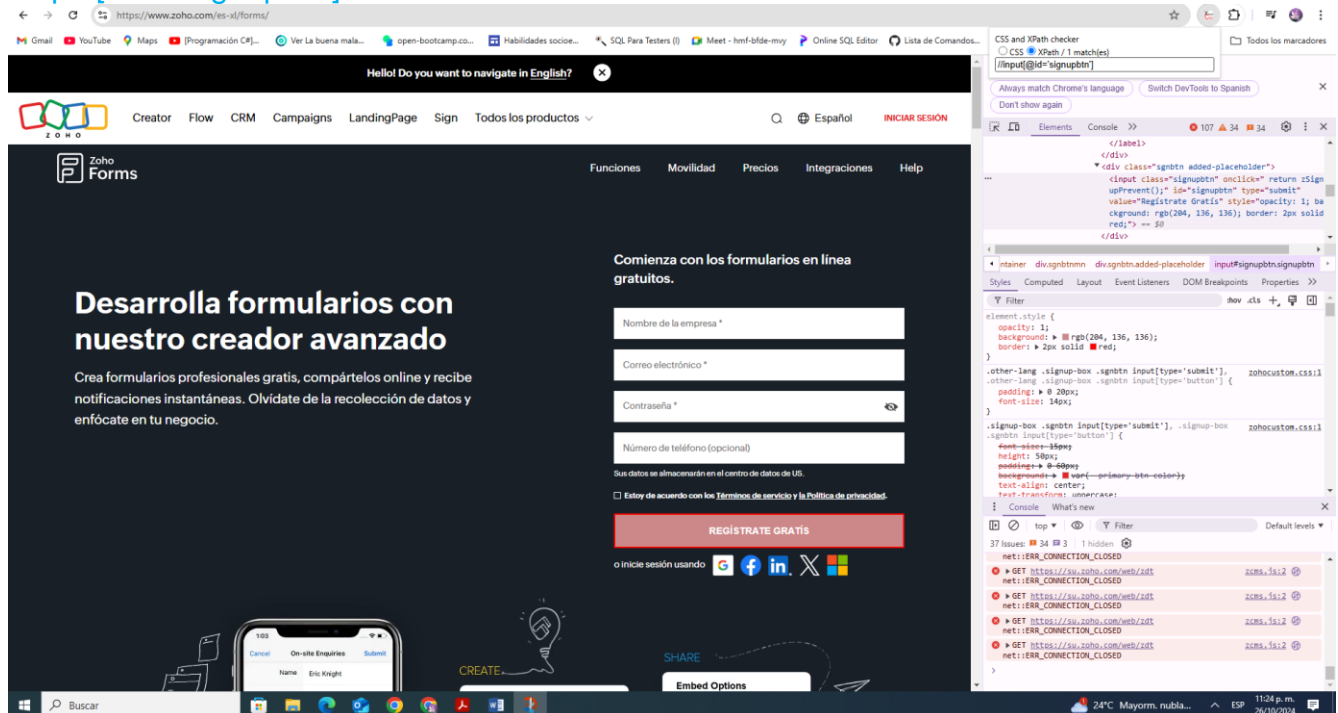

//label[@for='tos']

The screenshot shows the Zoho Forms website with a registration form. The XPath checker on the right identifies the label for the 'I agree with the Terms of service and the Privacy Policy' checkbox as `//label[@for='tos']`. The form includes fields for company name, email, password, and an optional phone number, followed by a 'REGÍSTRATE GRATIS' button.

- Evidencia xpath regístrate gratis:

//input[@id='signupbtn']

The screenshot shows the same Zoho Forms website, but the XPath checker on the right identifies the 'REGÍSTRATE GRATIS' button as `//input[@id='signupbtn']`. The form structure is identical to the previous screenshot.

5.- Automatiza ultima pantalla con Selenium IDE y KATALON

- **Apertura de web**
- **Maximizar la pagina**
- **Llenar nombre de la empresa**
- **Correo electrónico**
- **Contraseña**
- **Número de teléfono**
- **NO es necesario dar click en registrarse.**

- Evidencia de automatización con **selenium IDE**

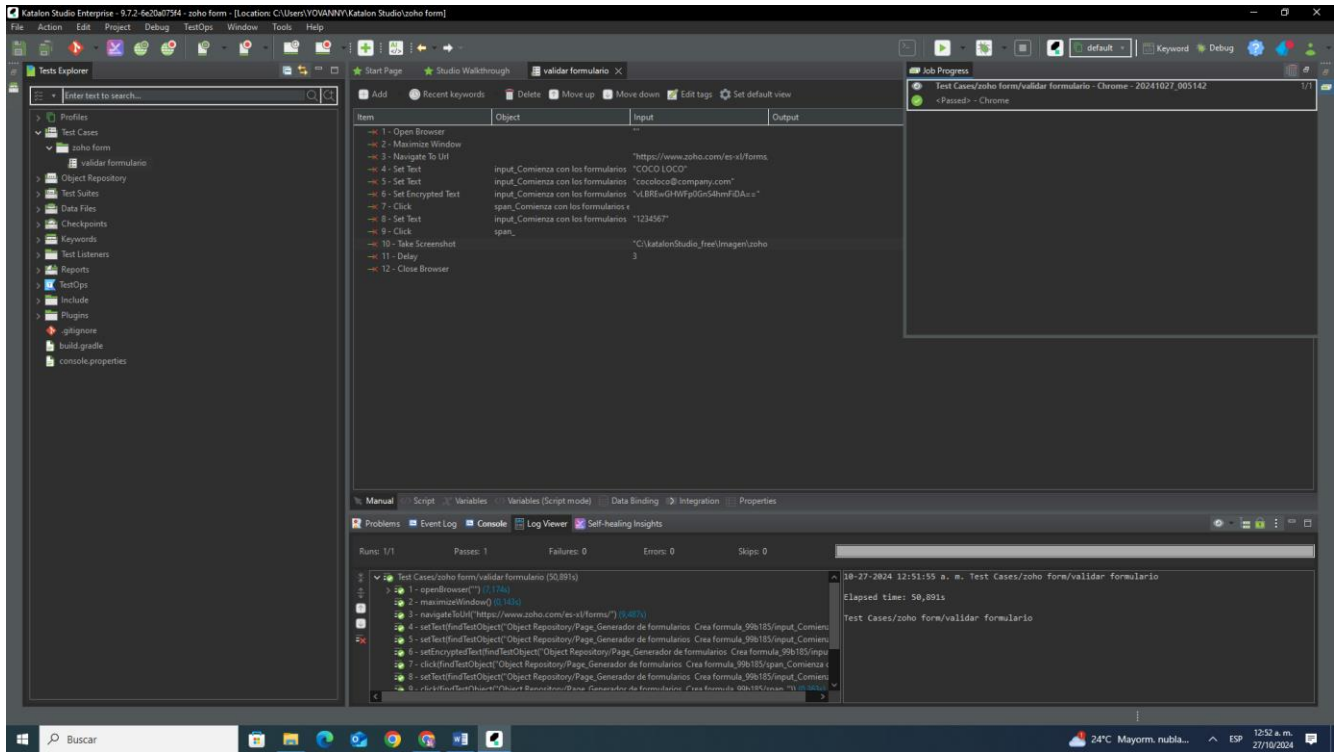

The screenshot displays the Selenium IDE interface for a project named 'zoho form'. The test suite 'validar formulario' is selected, showing 19 steps. The steps are as follows:

Step	Command	Target	Value
3	click	id=portalcompanyname	
4	type	id=portalcompanyname	coco loco
5	click	id=email	
6	type	id=email	cocaloco@company.com
7	click	id=password	
8	type	id=password	123456987
9	click	id=mobile	
10	click	id=password	
11	type	id=password	123hoA
12	click	css=zpassword-show	
13	click	id=password	
14	click	id=password	
15	click	id=password	
16	type	id=password	123COCOloco*
17	click	id=mobile	
18	type	id=mobile	123456977
19	click	css=za-fos-container > sign_agree	

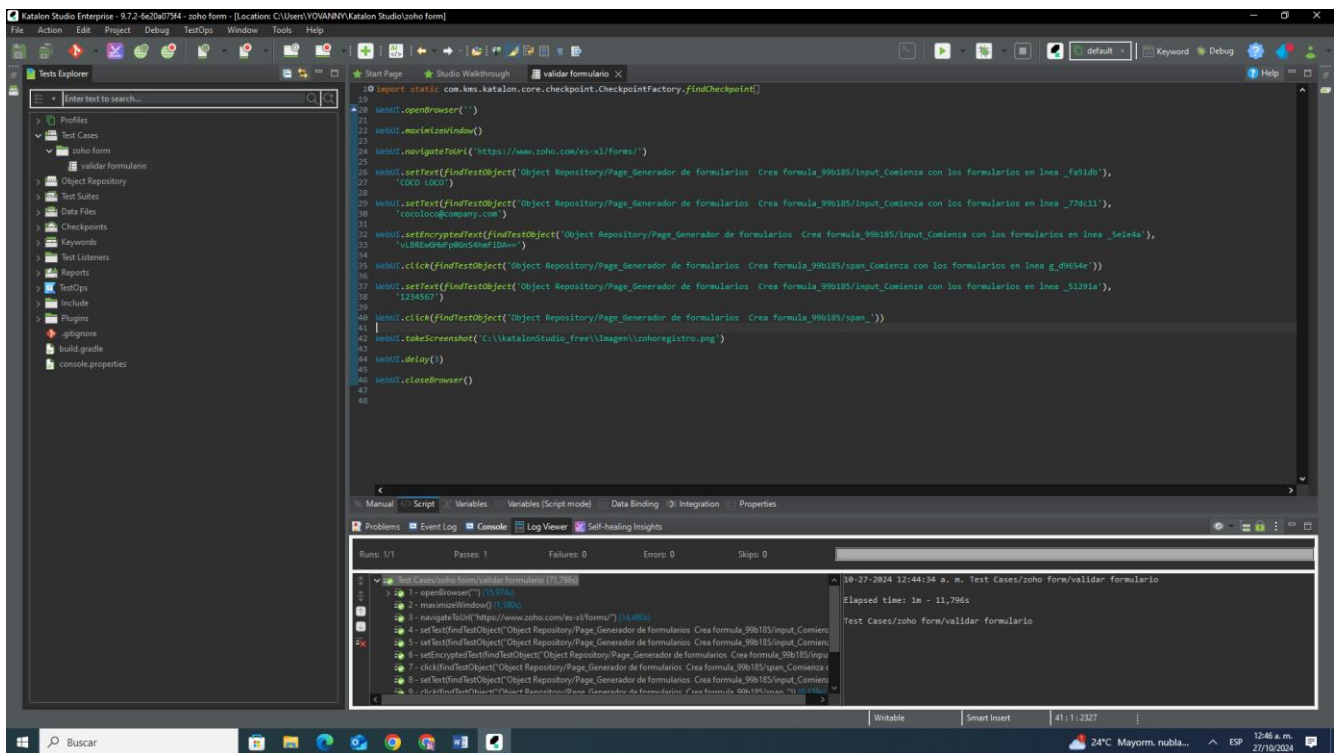

The log at the bottom shows the execution progress, with the final step 'validar formulario' completed successfully at 23:38:58.

Nota: El archivo side será adjuntado con el doc PDF.

- Automatización con **katalon**

- Scrip

- Screenshot carpeta e imagen
